

MOVING BED BIOFILM REACTOR | (MBBR)

Taking bigger steps to leave a smaller footprint

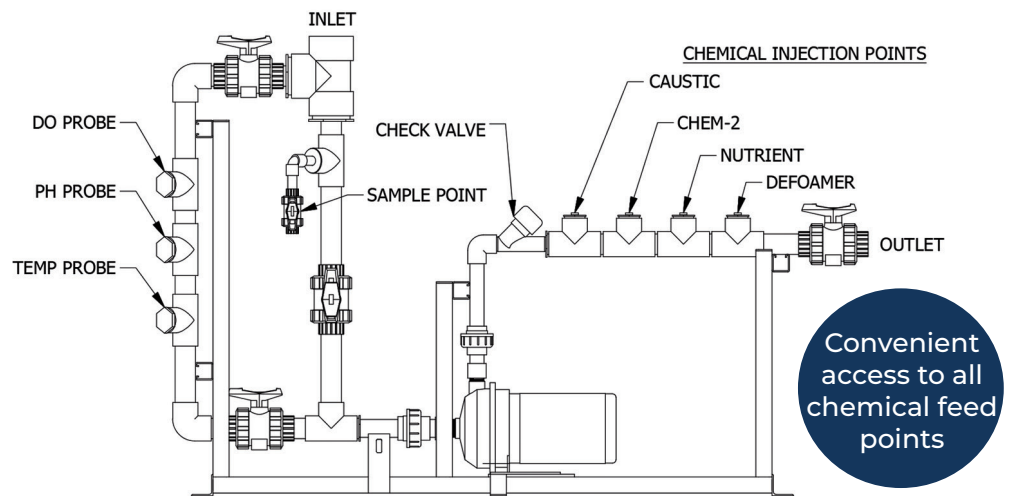

Single Stage MBBR shown

Features & Benefits

- Self-regulating system that manages fluctuation of incoming waste
- Automated operations through optimized controls
- 100% accountability through the Performance Guarantee Program*

Only MacDermid Envio Solutions holistic approach to wastewater treatment ensures that your MBBR integrates into your system for the most optimal & cost-effective BOD/COD, TKN & phosphorus removal.

*If the system fails to meet the **MacDermid Envio Solutions** specifications outlined in the project, we will correct mistakes up to and including furnishing a completely new system. That's how confident we are in our ability to engineer a high-quality system the first time around. Ask a **MacDermid Envio Solutions** rep for full details on the Performance Guarantee Program.
